

New Zealand Geomechanics News

AUTHOR DECLARATION FORM

This Declaration Form must be signed by the corresponding author and submitted at the same time as the technical paper. No action will be taken by *Geomechanics News* to review a paper unless this form accompanies it.

Please carefully consider the following statements before submitting your paper. False disclosure through the signing of this document will lead to immediate retraction of the paper by *Geomechanics News*, and may expose the author to the potential of legal action and damages claims from aggrieved parties.

Title:

.....

Author(s):

.....

Corresponding Author:

.....

(name, address, email)

I hereby declare that:

- (a) To the best of the knowledge of all authors, the information presented in this paper is factually correct;
- (b) This paper presents principal ideas that have not already been published elsewhere and the paper is not currently under review for publication elsewhere,
OR
This paper has previously been published by
(state) and approval to re-publish it has been obtained. Evidence of this approval is attached.
[Strike out whichever does not apply]
- (c) To the best of the knowledge of all authors, there is no moral, ethical or legal impediment to the publication of the information presented in this paper;
- (d) All authors listed on this paper have given their consent to be authors, in the order specified, and they have given their approval for this version of the paper to be published;
- (e) Any direct reference to an individual by name (as distinct from formal citation of his/her paper) has been disclosed to that individual prior to this submission;
- (f) Written permissions to publish the information contained in this paper have been obtained from the legal owners of the information, and such owners have been appropriately acknowledged;
- (g) Any commercial interests or conflicts of interest, for any of the authors in regard to the content of this paper, have been clearly declared in the paper;
- (h) The authors agree that the NZ Geotechnical Society has the right to publish or republish the paper as it sees fit to do.
